Descripteur(s): *Diplômé *Programme d'enseignement *Enseignement général *Enseignement professionnel *Enseignement public *Enseignement privé *Statistiques *Collégial (Niveau)

Identificateur(s) de sujet: *Diplôme d'études collégiales

Le volume fournit des données statistiques détaillées sur le nombre de diplômes d'études collégiales émis entre 1967-1968 (année de création des cégeps) et 1979-1980. Pour chacune des années, un tableau expose le nombre de diplômes décernés par programme d'enseignement, dans chacun des établissements des secteurs public et privé, selon le sexe des étudiants. Enfin, un tableau résume la situation pour l'ensemble de la période couverte par ce rapport.

Entre 1967-1968 et 1979-1980, 284757 diplômes d'études collégiales ont été décernés, soit 189709 diplômes d'enseignement général et 97088 diplômes d'enseignement professionnel. Les diplômes ont été décernés à 138129 garçons et 148668 filles provenant pour 246339 du secteur public et 40450 du secteur privé. Les diplômés de l'enseignement général comprennent 102006 garçons et 87703 filles provenant pour 157763 du secteur public et 31945 du secteur privé. Les diplômés de l'enseignement professionnel comprennent 36123 garçons et 60965 filles provenant pour 88576 du secteur public et pour 8505 du secteur privé. Une certaine incohérence dans ces chiffres est le fait d'une dizaine de dossiers rejetés.

STATISTIQUES SUR LE NOMBRE DE DIPLOMÉS

Le présent cahier renferme les statistiques des diplômés présentées par programme, par collège et par année. Le total est compilé à la fin de chacune des années en incluant les diplômés des collèges privés ainsi que ceux des cégeps.

L'année indiquée recouvre les sessions d'hiver, d'été et d'automne. Elle peut être interprétée comme la fin d'une année académique. Par exemple l'année 1972 correspond à l'année académique 1971-1972. Elle recouvre les sessions hiver 1972, été 1972 et automne 1972. Ce choix est basé sur le fait qu'un étudiant termine normalement son programme à la session d'hiver et que les sessions d'été et d'automne qui suivent servent à reprendre des cours manqués.

Les premiers cégeps ont ouvert leurs portes à l'automne 1967. Les quelques diplômés de l'année 1968 sont ceux qui étaient inscrits dans les collèges auxquels les cégeps ont succédés et qui ont complété leurs études en 1967-68 tout en se conformant à la nouvelle structure des programmes ou aux accords du temps.

Le nombre des cégeps qui est passé de 12 en 1967 à 46 aujourd'hui explique en partie la croissance importante dans l'augmentation du nombre de diplômés lors des premières années. Ce dernier phénomène est aussi la conséquence de la démocratisation de l'ensei-

gnement au Québec. Il s'explique aussi par l'émission jusqu'en 1975 de diplômes d'études techniques ainsi que par les DEC qu'émettaient les universités. Ces dernières émissions ne font pas partie de nos statistiques ce qui a pour effet de diminuer le nombre de diplômes d'études collégiales émis avant 1975.

Pour toute information, veuillez communiquer avec madame Claire Gagné du Service des programmes au numéro de téléphone 643-7460.
